Building Consultants & Engineers

Services

CRD Building Consultants and Engineers has been established by Crawford and Company (Australia) Pty Ltd to deliver independent expertise for building and construction related matters.

CRD can provide any of the following types of reports that are specifically prepared and detailed for each situation:

- Causation Reports
- Rectification Scope of Works
- Cost Estimate
- Quotation Review
- Desk Top Reviews
- Building Defect and Maintenance Reports
- Value at Risk Assessments
- Expert Witness Reports
- Dilapidation Reports
- High volume event response and management

Our team specialists practice in the following insurance product areas:

- Building Consultancy
- Engineering
- Project Management
- Quantity Surveying

We will conduct the relevant inspections, carry out forensic investigations, test, analyse and prepare all this information in a report that is formatted to be easily read and understood.

Our building assessments typically include:

- Damage review
- Causation investigation
- Structural Engineering Design and Certification
- Provide technical breaches and building defects
- Provide Scope of Works
- Obtain and review quotations
- Management of repairs during reinstatement
- Budget estimate or detailed costing of damage
- Design work required for reinstatement

Additional Activities that you May Request

- Destructive forensic investigations
- Arranging emergency repairs (e.g. erection of temporary fencing, boarding up, emergency make-safe works etc.)
- Appointment of specialist providers (e.g. Geotechnical, Hydraulic, Electrical, Mechanical Engineers, ect.)
- Arrange quotations to undertake the repairs specified
- Periodic inspections during reinstatement process
- Review of progress invoices
- Check variations and review of final invoice
- Claim audit, to ensure works have been completed in accordance with the scope of works and in accordance with statutory requirements.
- Undertake an analysis of quotations presented
- Negotiate final cost with selected contractor
