

## Welcome to CRD

Welcome to the new CRD website which has been created to make it as easy as possible for everyone to find out more about CRD Building Consultants and Engineers.

We understand that everyone wants to feel secure that they are working with an experienced and reputable company.

CRD is a wholly owned but independent division of Crawford and Company (Australia) Pty Ltd which offers a variety of services to the insurance and building industries. Our staff have a diverse range of skills and qualifications including Engineers, Licensed Builders, Building Consultants, Quantity Surveyors and Drafters.

Our Consultants, Engineers and Quantity Surveyors provide a range of services to the Insurance and Building Industry including Causation Reports, Expert Witness Reports, Cost Estimates, Scopes of Works and Home Owners Warranty Reports.

Here at CRD we understand that each job is unique, our Consultants and Engineers conduct thorough discussions with Insureds and detailed inspections of their properties to gain an in depth understanding of the issues/damages presented.

With offices in all Australia centers we have the capacity to cover both metro and regional inspections.

Along with general insurance claims CRD has been significantly involved in large claim catastrophe events including most recently the Wye River Bushfires (Dec 2015), Sydney Hail Storm (2015) and Newcastle/Hunter Valley Floods (2015).

For more information on our services and staff please feel free to roam our website.

**Mark Williamson,**  
National Manager, Sydney
