

# BRENDAN COLGRAVE

ENGINEERING MANAGER - SYDNEY

## PROFILE

Brendan joined CRD Building Consultants and Engineers in September 2013 having previously worked as a consulting Structural and Civil Engineer in Sydney.

He has a strong engineering background in building structures of all types from small to medium scale in both private and public sectors. His background also extends into Civil and Drainage engineering to small and medium scale residential and industrial developments.

Recent career direction with CRD has focussed on the passion and interest Brendan has for Reverse Engineering and Forensic Engineering Investigations for General Property, Complex and Litigated Building Matters.

## EXPERTISE

- Complex building matters
- Litigated matters
- Residential and Commercial Insurance Claims
- Handling Technicalities and Structural/Civil Engineering Works Definitions required for Major Corporate Property Loss reinstatements
- Construction Induced Ground Borne Building Vibration Damage
- Forensic Engineering Investigations and reports styled to suit Insurance Industry determinations
- Post-Tensioning Design and Construction
