

Peter joined CRD Building Consultants and Engineers in January 2019 having previously worked as a Senior Building Consultant at Sergon Building Consultants.

Peter has extensive experience in identifying Building Defects and determining causation of damages to both residential, commercial and industrial properties.

Peters 48 years within the Building and Construction industry has given him a wealth of practical and technical knowledge which is utilized on all inspections and assessment.

During his 48 years Peter has worked as a Building Consultant and developed a strong attention to detail from his work as Quality Control Officer and Project Manager on many residential/commercial/industrial projects.
